Attorney General Ashcroft
Department of Justice

Dear Attorney General Ashcroft,

The proposed Justice Department settlement with Microsoft encourages consumer product-choice, promotes product innovation, and provides non-Microsoft related computer and software manufacturers with confidence in marketing their own products. It also frees up Department of Justice resources to pursue antitrust violations that currently do actually harm the public, as well as the more pressing anti-terror efforts.

I support the Bush Administration and Microsoft in their desire to settle this lawsuit, and ask that you, the various State Attorneys, and the Court of Jurisdiction also do the same.

Sincerely,
Paul
